Please note the included portable antenna may only be used in areas where Freeview signal is very strong. There may be difficulties in receiving TV signal with the portable antenna in some regions at present, this is due to the fact that Freeview service ([www.freeview.co.uk](http://www.freeview.co.uk)) is yet to operate in full power in the UK. The government aims to achieve a full switchover by 2012, which will occur in stages, region by region between 2008 and 2012, at present the quality of the Freeview reception varies in different regions across the UK.
